SCHOOL REPORT.

The school year 1903 has passed into history ; the record is made beyond recall ; there can be no erasure of failures, no bettering of successes.

Your committee feel that an advance has been made when due allowance has been made for all failures and mistakes.

We have seen many things that were not all that we could wish ; some that might easily be made better.

The blame for lack of success cannot be laid to the charge of any one party, but we believe that the greatest chance for improvement, the greatest failure in duty, is with the parents, upon whom ultimately all responsibility rests.

It seems to us that it is the duty of both parents,

1. To require their children to attend school every day and all day unless ill.

2. To require their children to obey the rules of the school and the requirements of the teacher.

3. To second the efforts of officers and teachers in making the school interesting and profitable.

4. To hear both sides in any case of ill report, and then seek an amicable settlement through the proper officer.

5. To visit the school at least once in each term when it is not on exhibition.

6. Not to leave the choice of the district officers and the transaction of district business so largely in the hands of those who have no children to educate, and therefore cannot have so intense an interest in the welfare of the schools.

Of the 281 visits during this past year 45 were made by the committee ; about one in five were by parents of the scholars.

Repairs and improvements have been made amounting to \$67.95, including new seats for the school on Pleasant street, a new desk for Putney hill, and other minor repairs. Five dollars

was expended to right up the underpinning and grade around the schoolhouse on Little's hill.

ROLL OF HONOR.
